Mr. Nunn: Not sure how it happened, but I inadvertently re-sent your message yesterday to the email group that Lauren had assembled. It was apparently "pocket emailing" on my part. I'm sorry for the confusion.

**Subject:** Lower Ley Creek-Local Disposal Meeting

Dear all,

As many of you know, EPA is in the process of performing a feasibility study for the Lower Ley Creek Subsite of the Onondaga Lake Superfund Site. One issue that has come up in this process, and has the potential for significant cost savings, is the practicability of local disposal options. We would like to hold a meeting at our offices here at 290 Broadway on Wednesday, October 30, 2013 at 1:30 pm to discuss this issue with the interested parties. Please let me know if you are available that day, whether in person or by phone, and who you anticipate will participate from your organization.
